To Whom It May Concern:

We have been using ADS Plumbing & Heating, as an outsource plumbing contractor to handle work outside the scope of our regular maintenance staff.

ADS's attention to detail and the quality of work performed by their mechanics is second to none. Coupled with extremely competitive rates and almost immediate response time to service calls, I would highly recommend the aforementioned company to anyone requiring a job well done.

Should you have any questions regarding the above, please do not hesitate to call me at (718) 240-5695.

Sincerely,
